jennifer a glancy brings a multilayered approach to these and many other issues offering a comprehensive reexamination of the evidence pertaining to slavery in early christianity jacket

a very welcome addition to the literature on labour history labour history review this is a valuable collection of essays which gives fresh perspectives and interesting empirical data on the modes of labor bargaining by new world slaves and on the transition from chattel to wage slavery new west indian guide nieuwe west indische gids of uniformly high quality these essays underline the fluidity and dynamic of bargaining processes the diversity of political and economic contexts and the importance of external factors will provoke discussion on parallels between capitalist agriculture and capitalist industrial organization and will fuel debates on slave as proletarian and on the notions of peasant breach and the two economies choice these essays provide important answers to questions relating to levels of slave subsistence the material conditions of the enslaved the control mechanisms of owners the contexts which generated labor bargaining on the part of the enslaved and the reasons owners employers acquiesced to laborers demands rather than rely on the coercive power of the whip labor history the contributors deserve commendation for making salutary advances towards developing an integrated analysis of the history of labouring people in slavery and freedom that transcends the particularities of their legal status slavery abolition this collection addresses an important topic and will serve as a valuable resource for scholars and students of comparative slavery in the americas judy bieber university of new mexico albuquerque the status of labor during slavery and post emancipation in the caribbean and the americas contributors investigate the terms under which slaves in the caribbean the southern states and latin america worked and how they struggled to establish informal contract terms

analyzing oppression presents a new integrated theory of social oppression which tackles the fundamental question that no theory of oppression has satisfactorily

answered if there is no natural hierarchy among humans why are some cases of oppression so persistent cudd argues that the explanation lies in the coercive co-opting of the oppressed to join in their own oppression this answer sets the stage for analysis throughout the book as it explores the questions of how and why the oppressed join in their oppression cudd argues that oppression is an institutionally structured harm perpetrated on social groups by other groups using direct and indirect material economic and psychological force among the most important and insidious of the indirect forces is an economic force that operates through oppressed persons own rational choices this force constitutes the central feature of analysis and the book argues that this force is especially insidious because it conceals the fact of oppression from the oppressed and from others who would be sympathetic to their plight the oppressed come to believe that they suffer personal failings and this belief appears to absolve society from responsibility while on cudd s view oppression is grounded in material exploitation and physical deprivation it cannot be long sustained without corresponding psychological forces cudd examines the direct and indirect psychological forces that generate and sustain oppression she discusses strategies that groups have used to resist oppression and argues that all persons have a moral responsibility to resist in some way in the concluding chapter cudd proposes a concept of freedom that would be possible for humans in a world that is actively opposing oppression arguing that freedom for each individual is only possible when we achieve freedom for all others

the specially commissioned papers in this book lay a solid theoretical foundation for comparative legal history as a distinct academic discipline while facilitating a much needed dialogue between comparatists and legal historians this research handbook examines methodologies in this emerging field and reconsiders legal concepts and institutions like custom civil procedure and codification from a comparative legal history perspective

in de instauranda aethiopum salute 1627 the earliest known book length study of african slavery in the colonial americas jesuit priest alonso de sandoval described dozens of african ethnicities their languages and their beliefs and provided an exposé of the abuse of slaves in the americas this collection of previously untranslated selections from sandoval s book is an invaluable resource for understanding the history of the african diaspora slavery in colonial latin america and the role of christianity in the formation of the spanish empire it also provides insights into early modern european concepts of race a general introduction and headnotes to each selection provide cultural historical and religious context copious footnotes identify terms and references that may be unfamiliar to modern readers a map and an index are also provided

northern nigeria just before the turn of the century a time of unrest and civil war when the trans saharan slave trade still flourished against this turbulent backdrop is set the story of the hausa a black african people who practice the islamic religion this great african family saga written by the first federal prime minister of nigeria focuses on the struggles of young umar and his mother and describes umar s dramatic journey across the desert with a slave caravan rich in adventure it also provides a rare and vivid glimpse into the lives of women and children in a black islamic society and their survival in a troubled age

in the transatlantic world of the late eighteenth century easterly winds blew radical thought to america thomas paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the revolution in his wake followed more than 200 other radical exiles english dissenters whigs and painites scottish lads o parts and irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation michael durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on american political thought transatlantic radicals uncovers the roots of their radicalism in the old world and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country nearly all of these radicals looked to paine as their spiritual leader and to thomas jefferson as their political champion they held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of jefferson s republican party their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution as political activists during the 1790s they proved crucial to jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the new world although many of these men are known to us through other histories their influence as a group has never before been so closely examined durey persuasively demonstrates that the intellectual ferment in britain did indeed have tremendous influence on american politics his account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms skillfully balancing a large cast of characters transatlantic radicals depicts the diversity of their experiences and shows how crucial these reluctant émigrés were to shaping our republic in its formative years
